"Chef Allan was the centerpiece of our Riverside Home and Garden Show and we hope that will be the case for all our shows for years to come."

– Marjo Keen/Sales Director, Home Show Consultants; Riverside CA

For over 20 years, Chef Allan Enriquez and his wife Julie have been wowing home show and fair attendees with the finest stainless steel, nutritional cookware on the planet. The Five Star Culinary Connection booth is a stunning and modern avalanche of stainless steel featuring 4K high-definition television monitors, overhead cameras and seating for 40 that has quickly become a destination for all attendees up and down the West Coast.

With a virtual Ph.D. in health and nutrition and a deadpan sense of humor that has folks falling out of their seats with laughter, Chef Allan creates an event so informative and engaging that it brings visitors back time and time again. We elevate event traffic in a way that other vendors and cooking shows cannot duplicate and keep people in the building long after the demonstration is done.
